

JD FOR THE POST OF RESEARCHER, KATHA

Katha is looking for a Researcher who is passionate and driven towards the cause of education, especially for the marginalised sections of our society. The Researcher will be an intrinsic part of Katha's **KHEL (Katha Holistic Early Learning) Team**.

The Job Profile:

- Academic background in research and education, with basic or thorough experience of working in field at grassroot level.
- Fair inclination towards curriculum design, training programmes, pedagogy and learning, with the ability to conduct surveys and impact study of a programme.
- Content development for training programmes, report writing and communicating as well as coordinating with partners.
- Ability to plan, strategise and implement programme requirements such as creative writing or storytelling workshops.

Qualifications and Experience:

- Talented freshers with excellent resume and portfolio are welcome to apply. Experience of extensive field work and community engagement will be preferred.
- Background in the Social Sciences and Humanities, especially Social Work and Education.
- A knack for creative- critical thinking and analysis, willingness to learn, and openness to new ideas.
- Passion to make a difference to the lives of children through quality education.

Submission Details:

- Please submit an up-to-date CV along with a 100 word SOP expressing your interest for this profile
- Please send us a link to your Behance or Dribbble portfolio Please send your resume to hr@katha.org with the title 'Researcher' in the subject line. Application of only shortlisted applicants will be acknowledged.
